Refilling your machines

Hit The Jackpot!

Refilling the coin hopper daily ensures your machine is ready to maximise income.

Benefits

Ensures bank notes are accepted

this

Maximises Profit

ensures

Machine Uptime

which keeps

Customers Satisfied

A full hopper ensures that the note acceptor is always available and this alone can add 20% to the net take!

Core players prefer to play with notes and will stop playing if the note acceptor is off.

Ensuring winnings are paid out without fuss helps to retain trust in the machine and keeps the customer engaged with the product and ensures that machine downtime is minimised.

Top Up Tips

Use the refill log to record your daily refill information and this will be repaid to you on collection day.

There is a handy refill guide summary on the refill key fob.

Contact your FCA area manager if you need more advice.
